IDENTITY DASPI

Specialized in automatism by **Wi-Fi**

MISSION

Automate your business, your home and your lifestyle.

VISION

We design integral solutions for comfort, safety and technology.

AIM

Streamline control and security of your business and/or home from your mobile.

Professionals in the design of motors, control boards, receivers, controls and security devices that respond to Wi-Fi technology.

**The success key is to experiment,
make mistakes, learn, and improve.**
